Thanks Erin. We will move forward with our recommendation and I'll continue work with you and Bob to make sure that my understanding of how the FIFRA program works is accurate.

Erin,

My sense is that Malcolm will want to hear something from EPA. Please keep us posted on the direction that you receive from your management.

We hadn't been working on a written recommendation and our management hasn't instructed us to. But we have a meeting this afternoon where we can get some guidance. Do you have a template for a recommendation?

Thanks,
Erin

Hi Erin and Bob –

We need EPA's written recommendation regarding Monsanto's amicus request. Is that in the works, and can you let me know your timing? OSG typically asks for our recommendation at least 30 days in advance (which would be today) given that Monsanto's letter is a relatively recent arrival I expect we will get a little additional time, but likely not too much.

Thanks,

Matt
